Here are few of the ones I could get information on quickly. There may be others from the March inspections conducted by Region 5 staff in the southern part of the state.

Phil Borgic (Montgomery County)

Seabaugh Pork - Jeff Seabaugh (Montgomery County)

Fragrant 40 - Jeff Seabaugh - (Macoupin County)

Roger Smital, Stockton, on 4-7-11. Mr. Smital reported that Reg 5 was there the week before.

Bruce - I'll need to check into this next week I understood that we were coordinating with your local inspectors. Sometimes we have backup sites picked out in case we find nobody home. We may not have coordinated the back up sites. we could certainly send an email shortly after the inspection. Which site said we were just there?

Subject: Prior notification of CAFO inspections

We have run into a problem conducting CAFO inspections and would like a little help from you and your staff. In a few cases so far this year we have been told by CAFO owners we have contacted to set up our own inspections that Region 5 staff had recently made a visit to them.

Since it would be beneficial to avoid duplication of effort and other problems that may arise when we both visit the same sites, if at all possible please let us know in advance of those inspections or shortly after those inspections have happened.
